

## RESPIRA CEILING PAINT

*A quick drying water paint for interior use, that contains anti-mould properties that inhibit mould growth.. Recommended for use over new rendering. Specially formulated to allow surface to 'breathe' and dry naturally.*

### AVAILABILITY

*Colour Range* Brilliant White and Magnolia.

*Packing* 2.5, 5, 10 and 20 Litre.

### PROPERTIES

*Drying Time* Touch dry in 2hrs and re-coatable after 4hrs under normal conditions.

*Spread Rate* Up to 12 sq. metres per litre per coat depending on surface porosity and texture.

*Uses* Suitable for the decoration and preservation of interior walls & ceilings.

*Application* Supplied ready for use by brush, roller or conventional spray. For airless spray application, thin with up to 20% water. For brush or roller application where required by the type of surface, thin with up to 10% water. On very absorbent surfaces, the first coat may be thinned with up to 20% water.

*Cleaning* Clean all equipment with water immediately after use.

### SPECIFICATIONS

*New Plaster, Plasterboard, Brickboard and Cement* To the clean, dry, efflorescent-free surface, apply a mist coat (watered-down) coat of paint. Apply a further one to two coats of paint. Thin as recommended.

*Previously-Painted Surfaces* Thoroughly wash off dirt, grease etc. and remove all loose and flaking paint. Apply 2 to 3 coats of paint. Cannot be applied on previous coats of washable emulsion paint.

*Distempered Surfaces* Remove all loose and flaking paint. Carry out necessary repairs. Apply a mist coat to consolidate the surface. Apply two to three coats of water paint. Thin as recommended.

*Precautions* Store away from temperature extremes.

Use only in well ventilated areas during spraying. In case of insufficient ventilation during spraying wear suitable respiratory equipment.  
Do not breath vapour / spray.  
In case of contact with eyes, rinse immediately with plenty of water, seek medical advice.  
Keep out of reach of children.

**No Lead Added**
